## INDEX TO VOLUME 32

## January-December, 1934

## The Metal Industry Publishing Company, New York

ARTICLES ASTERISKED (\*) ARE ILLUSTRATED

ARTICLES		Cast Red Brass, A Study of *Casting Brass and Other Copper Base Al-	265	D	
		loys, Press 155.	199	District C William Coll II. In	
A		Casting Silver Cylinders	166	Determination of Nickel and Chlorides in Nickel Plating Solutions, Rapid	306
A.13 Decisiones	52	Castings, Air Tight Aluminum Castings, Nickel Silver Horn	88 97	*Detroit, Conventions of the Platers in	191
Acetic Acid Resistance		Castings, Nickel Sliver Horn	122	*Detroit, Electroplaters' Meeting in	229
Air Tight Aluminum Castings	88	Castings, Speculum Metal	166	*Detroit Lubricator Company, Electric Fur-	
Allows of Magnesium Research	168	for	47	nace Operation at the	374
Alloys, Physical Properties of Platinum-		*Castings to Exacting Specifications, A Foun-		*Developments in Metals and Finishes	59
Rhodium	131	dry Producing Nonferrous	132	Difficulties in Refining Old Gold	342
Alloys, Press Casting and Other Copper		Cement, Dissolving Litharge	96	Dissolving Litharge Cement Dissolving Palladium	96 129
Base 155, Alloy Products, New Specifications for Copper-	199	"Century of Progress Fair, Metal Still a Big	243	Dust and Oxide at a Secondary Metals Plant,	162
Alloy Products, New Specifications for Copper-	415	Feature of Chloride, Melting Silver	88	The Recovery of Smelter	237
Sílicon*Aluminum	3	Unfortdes in Nickel Plating Solutions Rapid	00		
Aluminum Castings, Air Tight	88	Determination of Nickel and	306	E	
Aluminum, Close Grained	209	Citrate in Plating, Sodium	201	E.	
Aluminum, Etching	242	Cleaning Compounds, Metal Cleaning and		Effect of Remodeling a Melting Plant, The	339
Aluminum, Filing	201	Metal	235	*Effect of Some Mill Variables on the Gauge	327
Aluminum from Tin, Removing	166	Closed Grained Aluminum	209	of Sheet Brass, The 263, 302,	410
Aluminum, Grinding	166 207	Coating Refrigerator Coils Coatings, The Preece Test for Zinc	162	*Electric Furnace Operation at the Detroit	
Aluminum Industry Code, Secondary	87	Code Approved, Brass Ingot	309	Lubricator Company	374
'Aluminum Inter-Factory Lunch Wagon cuts	0,	Code Approved. The Non-Ferrous Foundry	14	Electrochemical Society Meeting	168
Time Losses	169	Code, Hearing on Platers'	197	Electrochemists Convene in New York	336
Aluminum Polishing	198	Code in Operation, Silverware	85	Electrodeposited Metals, A Study of the Struc-	411
'Aluminum Reflectors, Electrolytic Brightening		Coue meeting of the Master Electroplaters		ture of	413
Process Improves	59	Institute	121	Electro-deposition, The Manufacture of Cop-	113
'Aluminum, Sawing	204 159		87	per Tubes by	419
Approved Codes in the Metal Industries Approved Codes in the Metal Industries	201	Code, The Electroplaters' Codes Effective for the Brass Foundries and	333	*Electrolytic Brightening Process Improves	
Attack of Brine on Solder	165	Ingot Makers	43	Aluminum Reflectors	59
Altack of Diffic on Solder	200	Codes in the Metal Industries, Approved	159	Electroplaters' Code, The	333
R		Codes in the Metal Industries, Approved	201	Electroplaters' Institute, Code Meeting of the	***
ь		Coils, Coating Refrigerator	162	Master Electroplaters' Institute of the United States.	121
Barrel, The Nickel Plating of Zinc in a	274	Compounds, Metal Cleaning and Metal Clean-		Meeting of the	194
Bearings, Re-Babbitting	338	ing	235	Meeting of the "Electroplaters' Meeting in Detroit Electroplaters Measuring the Thickness of	229
Beryllium Copper	48	Conference on Electroplating Conference on Electroplating	88		95
Billets, Pouring Yellow Brass	131	*Continuous Molding Machine Aids Produc-	122	Electroplating, British Standards for	420
Both Exhaust Systems, Spray  Boulder Dam Project Will Require Over 30,000,000 Pounds of Copper	94	tion	97	Electroplating, Conference on	88
30 000 000 Pounds of Conner	277	"Convention and Exhibition, Foundrymen Hold	369	Electroplating, Conterence on	122
Brass, A Study of Cast Red	265	Convention in Philadelphia, Foundrymen's	346	Electroplating Costs and Estimating Electroplating Generators 50,	163 126
prass and Nickel, Storing and Handling		*Conventions of the Platers in Detroit	191	Electroplating Industry, Rubber and Its Ap-	120
Sheet 'Brass and Other Copper Base Alloys, Press	301	*Copper	2	plication to the	54
Brass and Other Copper Base Alloys, Press		*Copper and Brass in the New Housing Pro-	351	Electroplating Research Goes Forward	407
Casting	155	*Copper Base Alloys, Press Casting Brass and	221	Electroplating, The Use of the Microscope in	239
Brass Billets, Pouring Yellow Brass Foundries and the Ingot Makers, Codes	131	Other 155,	199	Estimate Plating Costs, How to	275
Effective for the	43	Copper. Beryllium	48	Estimating, Electroplating Costs and	163
Brass Foundry Costs, Practical	10	*Copper Boulder Dam Project Will Require		Estimating System for Non-Ferrous Foundries, Proposed Cost Accounting and 297,	242
Rease Foundry The	7	Over 30,000,000 Pounds of	277	Etching Aluminum	343
Brass Foundrymen's Progress, A	202	Copper, by Artificial Means, Natural Patina	-		272
brass in Permanent Molds	241	Put on *Copper, Saws for	93	F
